

HELP BEAT WOMEN'S CANCERS

Sponsored by
Temple Avodah Social Action Committee

Woman to Woman is a peer to peer support program providing emotional support and education to any women in treatment for gynecologic cancer and their families.

At time of diagnosis, patients are offered a comfort kit filled with items to help support them through their chemotherapy and/or surgical experience. Knit hats are included in the comfort kits as hair loss is a very emotional and difficult experience for many women.

Woman to Woman is 100% charitably funded. Woman to Woman is hoping to receive donations of knit and crochet hats for our gynecologic oncology patients for the fall and winter months.

To ensure the comfort of our patients we ask that the hats are made with non-irritating yarn, avoid bulky seams and are not exposed to smoke or strong fragrances.

If you would like to donate to *Woman to Woman*, please call Program Coordinator, Jilian Levinson, LCSW at 917-751-9678
